The **Friends of the National Wildlife Refuges of Rhode Island** is a volunteer member-based, nonprofit organization devoted to the conservation and development of healthy habitat for flora and fauna at Rhode Island's National Wildlife refuges, and, to safe, accessible, ecological experiences for refuge visitors. The Friends group helps secure funds for and works on refuge projects designed to meet the goals of the US Fish and Wildlife Comprehensive Plan for Rhode Island's 2400 acres of federal refuge habitat.
